

M. Blank — Our little 3 yr.old was struggling with **focusing** and **paying attention**. Often staring into space and not seeming to be really with it. As first time parents we were struggling with the thought of is there something wrong with our child or does he just need more discipline? The therapist working with him was trying to get him to focus on one thing for at least five minutes. We started him on the Brain Vitality in January. One week after taking 1 a day, the therapist came again. Of course we were anxious to see if there was a difference. We were amazed when our little boy stayed on one project for 40 minutes... way past our goal. A month later we now also see our son starting to sing and remembering the words. Praise God for this is what I dreamed my little children would do.

David Yoder — After a **head injury**, David lost his sense of taste and smell for three years. He tried many things and nothing helped. With the encouragement from his sister Marie, David committed to three - four months to use Triangle of Life and Brain Vitality. It was 3 and half months before his sense of smell started to return and David has continued to have great results with Sisel products.

S King — After suffering with **alopecia** an auto immune disorder effecting hair loss, I started on Body Shield to remove heavy metals and toxins and also the Triangle of Life, along with toxin free shampoo. In a short time I could tell a difference, where I used to have empty spots on my head, I now had hair growth and it has been almost a year now and I can tell that my hair is getting thicker. I would suggest this to anybody suffering from hair loss.

B Stoltzfus — After struggling with **fluid retention**, **night trips to the bathroom**, **lower back discomfort** and **swelling in my feet**, I started taking Inner Chi for Him. After one week, my fluid and back discomforts were gone, and sleeping all night was a new comfort! I never want to be without this product.

Anonymous — A 30 year old father of 6, and others are coping with **schizophrenia** and mental struggles and are finding amazing results with using Brain Vitality. Our school children are at such a tender age, building their foundation; struggling alone with their lessons creates a deep insecurity. Brain Vitality has made life changing impacts in this area. The happiness of your child is worth it! Not only for children but also very beneficial for teachers, foreman, business owners, busy mothers, those in ministry giving clarity and focus. Brain Vitality may help with Dementia, Alzheimers, ADHD, brain injuries, concussions and more. Brain Vitality is making a difference.

Barbara G. — I have been using Vital Vision and had my annual eye exam late summer, the doctor checked me twice. My **vision** has improved. Both contacts and glasses prescription improved. I've worn glasses for 42 years and my prescription had never improved!

Rachel — I was really sick from **Lyme Disease**, pretty much in bed all day and I was not even able to care for my children. Someone introduced me to Sisel products and dropped them off. Triangle of Life, Body Shield & Brain Vitality made a big difference. The Sisel products work, I'm better now and able to do everything.

Barbara G. — I received our new SiselSafe Full Spectrum Warming CBD Lotion in my shipment from Sisel yesterday. It came at a great time. With wearing this boot on my left foot I do not have a shoe that exactly matches the height of it so my hip hurts by the end of the day and into the morning. I rub some of this lotion on at bedtime last night and within 10 minutes no pain, and I woke up this morning with no **pain in my hip or lower back**. I think this is going to be one of my favorite products, and going with me wherever I go to relieve pain from the gym, and anytime I have any pain. Thank you Tom Mower and Sisel!

HEALTH testimonials

Rebecca (Mom) — Little Zeke has suffered with a **rash** for quite some time. The Dr.'s didn't know what to tell me except to use alcohol to wipe the boils. They continued to spread, swell up and pop a white seed of hard pus. I was at my wits end. When I learned about Sisel products, I could not afford more than just the FuCoyDon. Today is day 15 of FuCoyDon for Zeke. Crazy awesome results, they are not as itchy anymore and the boils are disappearing! Thank you for sharing and giving us hope again!

Curt F. — My father was diagnosed with **Waldenstroms lymphoma**. Using Fucoydon, BodyShield, Balanced D, Eternity and a few others from Sisel. Last year his cancer went in remission but the doctors said he would be back for chemo. Apparently we are playing stump the oncologist because NO cancer cells were found in lab tests so additional testing was ordered. Guess what? No cancer found! Thanks to Tom Mower and the Sisel staff, I get to keep my parents a while longer.

Joe Byler — I found out that I had **prostate cancer** in November 2013. I didn't do anything by November 2014, it was aggressive. By May 2015, we decided to do surgery. I had surgery in June 2015. Before surgery my PSA was 22.5 In August, my PSA jumped to 44.5 then had to body scan and found spots in my bones in 7 different places. They gave me a hormone shot and about that time, I started taking Sisel products and following the Cancer Survivor protocol sheet. I was using 8oz FuCoyDon throughout the day, 3/4oz SpectraMaxx, 3/4oz Eternity, 6 SupraOmegaPlus, 4 BodyShield, and InnerChi for Him. My numbers kept coming down every 3 months, the last time checked was September 2016, and was 0.10. I also have a hormone shot every 3 months. Thanks for introducing Sisel and my well being.

Angela K. — Recently I was diagnosed with **Pancreatic cancer** which was found by accident during a CT scan for a bowel inflammation issue. Fortunately, it was found early and no symptoms to indicate its growth. I must say I wasn't freaked out as I always had a plan of action because of my belief in Sisel's cancer eliminating products. I had surgery to remove the cancerous section as well as my spleen. I am pleased to say that the surgeon informed me that they got it ALL. I must say it was an unpleasant post operative time with much pain and stress on my system, but I am supported by Sisel's amazing products to help me recover and beat this particular health issue. In my daily routine of Sisel products, I take; TS-X, FuCoyDon, Body Shield, Eternity, SpectraMaxx, SupraOmegaPlus, Encompass 360, Balance-D, and Brain Vitality. I am very grateful to Tom Mower and his amazing products that help our bodies deal with compromised immune systems due to all the toxic chemicals and pathogens breaking down our bodies. Thank you Tom.

Laurie J. — My Mom has been struggling for years with **rheumatoid arthritis**. Her hands were not working to the point where she would ask me to make her bed and open bottles for her. She lives alone and prefers to be independent. I asked her to do ONE thing- take Triangle of Life consistently everyday. Having gone through chemo and breast cancer twice, she was having trouble remembering daily routines. I think it tickles her to pour what looks like wine (she does not drink) in a beautiful glass sipping slowly and feeling decadent. She recently exclaimed "LOOK WHAT I CAN DO!" while closing her hands into fists!

Trevor B. — A mate of mine has a grandson 19 year old with **diminished kidney function** ... his kidney function improved dramatically with TSX also DH2 water.

Vicki T. — (**peri-menopausal, stressed-out**, single mom) Inner Chi For Her Day 4: I really hate to jump the gun, but, I HAVE to share that I already feel calm, relaxed, unshaken, stress-free, and umm, dare I say? HAPPY? I slept well last night for the first time in a while! I'm a sceptic by nature, that's why it took me so long to order, and I'm still skeptical now as I write this, but there is no other explanation for my positive feelings of well-being. I feel great! Thanks SISEL!

Sarah H. — Looking back, I had always been **sick**. Because of it, I missed a lot of 3rd grade, my **hormones** were all over the place as a teen, and jumping forward, I started birth control just before I got married. I felt like I was being rewired from the inside out but I had to take it. Since then, I gradually got worse and worse. A few things happened that shot me into a tailspin. I spent the last three years in a fog. I made extremely bad choices that are outside my character, had major **mood swings**, outbursts of **rage**, and I was creating a hostile environment everywhere (including in my marriage). Then, one day, the Lord allowed my path to cross with someone who was so kind and listened to my woes. She introduced me to Sisel but I was hesitant. After listening to speakers at a Sisel event, I could no longer deny that this is exactly where God was leading me. After a year of using Sisel's Kaffé, Suprashine, Brain Vitality, Terminator, TOL, and Inner Chi for Her, I am OFF of Prozac, mood stabilizers, allergy pills, and haven't even taken a headache pill in months. I AM FREE!! My marriage has been restored. Life is good!!!

L.C.B. — I suffered with **chronic neck pain** for 2 years and needed some relief. It was a sharp, burning, and deep routed pain. It started in the back of my neck and penetrated down to my shoulder. I would cringe at the thought of sitting in a meeting at work for longer than an hour. Nights had become sleepless due to the pain. Just lifting my head from the pillow to get out of bed, was agonizing. My journey for the next 2 years resulted in disappointment. Through all of my efforts trying to rid the pain, I was unsuccessful. Started off going to see a doctor, who sent me to physical therapy. When that didn't work, I tried many other avenues. My neck was put in a vice and stretched. I switched pillows, slept without a pillow, with a neck roll, on my back, and on either side. I flipped my mattress. I got a new office chair, a monitor arm for my computer, a keyboard tray with wireless mouse, a new shower head to massage my neck. I got a deep tissue massage, took stretching classes, used a heating pad and ice packs. I took Ibuprofen after Ibuprofen. It took 2 years but I had exhausted all my sources. When Laura Baccini introduced me to Sisel, I decided to try some of the products. Only 3 weeks on the Triangle of Life and I was absolutely PAIN FREE!!! I've taken my life back!!!

Rhonda Y. — My experience with Sisel has been life changing not only for me but for my **special needs son**. I was already using Sisel products when the H2Stix became available. I ordered them right away because I was already aware of the benefits of molecular hydrogen. I started drinking the H2Stix and noticed the positive effects on Day One! I started sharing my H2Stix with my son. Within a couple of days, I noticed his eyes were much clearer. I took note because he was "looking right at me" for a long time. (Eye contact is challenging for some with **autism**). I was excited that he was looking at me and with a look like he wanted to tell me something. Since adding the H2Stix to his morning routine, his reports from school said that he is "focused" and "ULTRA focused"!! The latest report spoke of his "amazing progress" and relayed incidents of improvement that were "huge" for him! Now, he comes to me for hugs! Real hugs! I used to have to ask for a hug. Needless to say, I am THRILLED and GRATEFUL for the H2Stix that support his bodies health and especially his brain health!

Vivian M. — My **kidneys** and **liver** have problems getting rid of everything. I decided to drink FuCoyDon several times during the day and take a detox bath. This morning after several trips to the bathroom pain is gone. I am thankful. Those days in pain are horrid. Thank you Tom Mower and your wonderful product.

A.M. — I'm a **coffee** lover, was in search of the best. I came across Sisel and found something much more powerful than I had expected. Creating greatness in people's lives is what I love and I can do that easily with Sisel. I'm so happy to be a part of this company. My **skin** looks and feels a lot better. I have so much **energy**. My **circulation** is perfect.

Janet — For the past 20 years, I have suffered from a **debilitating autoimmune condition**. Living a life coping with fatigue and pain (the most debilitating of my many symptoms,) I had resigned myself to the fact that exercise and energy would never be something I would experience in this life time. A year ago, while trying to exercise, my body couldn't handle the stress. I went into shock and came very near death. For the last year I have been fighting for my life using nutrition and diet to keep me from having to live on harmful corticosteroids. After an entire year on 18 powerful supplements, I had slow progress and minimal results, but was still never able to do anything physically strenuous without experiencing the early stages of shock. I began taking FuCoyDon and Eternity and in 2 1/2 weeks, I was able to exercise and actually be energized by it. The fatigue is gone and for the first time in over 15 years, I have ENERGY. The energy is steady and consistent. Everyday, I have a little bit more. I feel like I am climbing out of a big black hole. Now instead of a pile of pills and slow, unsteady progress, I take two sips and I'm done. This nutrition is concentrated and powerful. As a result, it has magnified my ability to live LIFE!!! Not sure how to pay it back, other than to pay it forward. **Anonymous** — I usually had **shakiness** in my hands. Now with Fucoydon it's not quite so bad anymore & almost gone. I think Fucoydon helps to regenerate cells.

Anonymous — With Brain Vitality, I can definitely remember things easier and I don't have as much speech **dyslexia** (words jumbled up.) I noticed a huge difference in my **memory** and also with better **concentration**!

Anna M. — Anna had a **tick-bite** with a small ring. She kept SpectraMaxx on it all the time for 7 days. She also took 3 Body Shield and 2 oz FuCoyDan a day. She did not get any symptoms of Lyme disease and her rash went away.

R Esh — I fell & **broke my back** and thought I would be out of work for 6 month. With the Triangle and Renovator, I was back to work within a few weeks. FuCoyDon really helps heal you faster.

Leona M. — Our Jon is a **Bladder Extrophy** child. He has a lot of hospital stays. He had a big surgery on Nov. 9, 2016. He had bad infections, was really run down, and had stents in both kidneys for 3 month. When he was to go back to have surgery to remove them I knew I had to do something to keep him out of a long hospital stay as my husband had that accident and I could not be at 2 spots at 1 time. So, I started him on SpectraMaxx 1½ week before surgery. He got through without infection. His background history was if you mess with the kidneys, you got infection. Not this time. He snapped right out as if nothing had happened. He was riding his bike the next day

Leona M. — My husband was in a car accident on Jan. 28, 2016. He had a **bad head injury**. He had 1/8" of blood on his brain, torn membranes, C1 & C2 neck broken, broken ribs, punctured lungs, and was black & blue from the waste down. We got as far as Miller's Merry Manor. Our son wanted me to give this product to Dad. I asked the Dr. and he told me that I might as well throw my money down the drain. I was disgusted. Finally, I thought he is not my boss. I will give it to him and I don't see a difference or if it makes it worse then I can always stop. It was not long. I know it was worth it to give to him. The therapy people could not get him to do much at first. The 2nd day after I gave it, the therapy people came in and they could not believe how he is responding. The Dr. could not believe how he improved in a week's time. My mouth was burning but I kept my mouth shut. I never told him it was this product that he told me to throw down the drain.

John B. — I'm 54 and live in Charleston, SC. I suffered a **stroke** on Aug. 11th, 2013 and my life forever changed. I lost my job, my car. I can carry everything I own. I found Sisel in Jan. 2015 and my quality of life has positively changed. I tried Brain Vitality and the FOG in my brain cleared in less than 90 days. Since adding other Sisel products, my health gets better and better every day!

HEALTH testimonials

Kathryn — I got **migraine headaches** for years. I started on FuCoydon and BrainVitality and haven't had one since. Super great products.

Christy K. — Okay so it's been 48 hours since our son starting using Sisel Safe CBD. What we are seeing so far... Increased **energy**, Increased **concentration** (he cleaned his room), Says he slept so good (most nights he tosses and turns and talks in his **sleep**, never feels rested), Better **mood** (seems calmer and not so easily aggravated), Seems happier (BIG PLUS), He says he feels calmer and he's up this morning happy!! This is huge! We will continue to follow and share his progress.

Emma Mast — I was diagnosed with **Dilated Cardiomyopathy**. We had been married 3 years with 2 dear little boys. My left ventricle is enlarged, EF between 25 & 30 %, also ventricular tachycardia where I have a lot of (PVC's) premature heartbeats. I was often very tired wondering if I'd get to see my boys grow up. We had a ICD (pacemaker & diffibulator) put in, was also on meds, and tried lots of different natural products. Nothing seemed to really help. I was having lots of PVC's, in spite of all the meds I was on. Having lots of days where I was so dizzy feeling like I'm going to blackout. The Dr. started doing tests to see if they can do an ablation. After tests, the Dr. told us that it would be dangerous to ablate and said "Unfortunately, we don't have the magic bullet for you, Emma!" They put me on Mexilitine for rhythm control, I was now on 6 meds. It caused digestive issues and my liver enzymes to elevate. In January 2014, I was back to my Cardiologist feeling very bad. I had a lot of fluid built up, was tired, and very discouraged. I often wondered why I'm still here. The Dr. told me your heart is severe, all we can do is keep taking the meds to keep it from getting worse. In February, I got a call introducing me to Sisel's healthy coffee. I absolutely loved the taste and noticed it didn't speed up my heart like other coffees and it helped with my fluid. After hearing other people's stories and doing my research I decided to get on some of the other products. After 2 months I started to feel stronger and have more energy. So I started asking the Dr. to get off my Mexilitine, he said "You can wean off at your own risk, but you will have more PVC's than ever before." So I started to wean off slowly. In July, when I went back for a checkup they read my device. No episodes showed up where I almost got shocked. The Dr. came in and told me whatever you are doing keep doing it, come back and see me in a year! I have not had Lasix for fluid since I started using Sisel Kaffé! That call was a Blessing sent from Above with out a doubt in our minds. Shortly after that call, I found this quote by Jack Hayford "In GOD's wisdom He frequently chooses to meet our needs, by showing His Love towards us through the hands & hearts of others." Sisel products have made a huge impact on my health and quality of life. We have HOPE again!!! What we can do in return is to share with other The Mower Mission, it's all about helping others, giving hope, making a difference one person at a time!!!

J. Storey — I've been on the Triangle of Life and TSX for 2½ weeks now, I added Calcium K2 and SupraOmega. About a week ago, I had a very worrying **heart arrhythmia** which I've had for some years now, yesterday I noticed that it was gone and on taking my pulse it was regular and strong, I had been taking many supplements from a previous company with no results whatsoever. Thank you Tom for your vision and determination to always give us the best.

Kris D. — I was diagnosed with **lyme disease** 6 years ago. Pain controls the life of those with lyme disease. Each year it takes a terrible toll on our bodies, and it does terrible things to the brain. I had extreme fatigue, moving pain, and swollen extremities. I have been treated with antibiotics and herbal antibiotics but none of these helped much with the symptoms. I felt like I was in a world of fog, forgetting where I was. My face and eyes were swollen every morning. I am a totally different women today because of Sisel's products and Tom Mowers commitment to really developing products that work. I was very stubborn and it took until last summer to actually listen to my friend about Sisel products. I started taking the Triangle of Life, Body Shield, Brain Vitality and TSX and saw results way beyond the Lyme symptoms! Now, I master the Lyme! My health and body have improved and heal at a staggering rate! I have very few symptoms ever. I huge amounts of energy. I function at top level most of the time! If you suspect you have Lyme or someone you know does SHARE THIS WITH THEM because it REALLY works!
