

Encompass360

advanced Multi-Vitamin and Multi-Mineral

Enjoy the best in overall nutritional support with Sisel's Encompass 360 mega-multi-vitamin/mineral/antioxidant formula as part of your daily health rejuvenation supplementation program. Why settle for the minimum multivitamin when you can have the full spectrum of nutrients that far surpasses the "recommended daily allowance."

We live in a day and age where our foods have become so nutritionally incomplete and in many instances detrimental to our health. In fact, we are faced with food products that lack as much as 25-75% of the nutritional value that our parents and grandparents had from the same fruits and vegetables. Unfortunately, as we are currently experiencing a decline in the essential nutrients necessary to support proper health we continue to see an exponential increase in the production of new chemicals in the forms of household and industrial solvents, cleaners, volatile organic compounds, dioxins, phthalates and the list goes on. With this increase we are also witnessing an increase in health issues associated with deficiencies in essential vitamins, minerals and antioxidants.

It is essential in today's world to embrace high quality natural nutritional supplementation. The body needs the proper nutritional components to function at its full genetic and biological potential. A nutritionally depleted body may lead to inflammation, degenerative and metabolic disease. In order to fuel essential biological processes the right nutrients must be present. Vitamins and ionic trace minerals are essential for cellular enzymatic functions, biochemical processes, protein and enzyme synthesis, ATP production, metabolic vitality, vital organ function and health, a robust immune system, and regulation of cell and tissue growth.

Encompass 360 properly blends natural ingredients to support a multitude of health-related bio mechanisms that affect our lives and quality of life everyday by nutritional support of proper physical, mental and emotional health. Give your body maximum support to ensure superior performance.

BENEFITS

- Provides complete vitamin nutrition
- Provides essential and trace minerals
